

Basic Information Security Policy

BioMimetics Sympathies Inc. (hereinafter referred to as the "Company") establishes and implements our Basic Information Security Policy as follows:

1. We will establish stable, appropriate and secure systems and thereby ensure preventive effect.
2. The manager will take the leadership in complying with this policy and thereby ensuring the appropriate management of information held by the Company and our business partners.
3. We will perform research, education and awareness raising activities in relation to information security and take all possible preventive measures.
4. We will comply with laws and regulations related to information security.
5. We will be cautious about unauthorized intrusion from external parties, keep monitoring, be aware of any abnormal situation and securely detect intruders.
6. If unauthorized intrusion occurs, we will study the method and cause of the intrusion and plan and immediately implement all possible measures to prevent any intrusion using the same method.
7. If we suffer any loss or damage, we will clearly understand the content of the loss or damage. If the affected information is related to business transactions or otherwise is considered to cause losses or damage to, or affect, any third party other than the Company, we will immediately notify the persons concerned and explain the accurate facts and our countermeasures taken in response to the incident.

October 1, 2022

BioMimetics Sympathies Inc.

Naoki Urushihata, Representative Director
